Career Objective.

As a dedicated front-end developer with 2.2 years of experience in web development and mobile application development for Android and iOS, I am seeking a challenging role where I can leverage my technical skills and innovative mindset to create outstanding user experiences. My passion for crafting visually appealing and highly functional applications, combined with my hands-on experience, drives me to contribute effectively to your team while continually advancing my expertise in the field.

Professional Experience:

Role: Project Associate Software Developer:

OHM eLogistics Pvt. Ltd, Hyderabad June 2023 - Currently Working

Currently I am working on the OHM project initiated during my tenure at Halftone Systems, I have been actively involved in its development and maintenance at eLogistics. I have demonstrated proficiency in programming languages such as React and React Native, adapting seamlessly to the technological requirements of the project. My responsibilities have included enhancing software applications and contributing to the overall progress of the project. Throughout my time at eLogistics, I have maintained a strong understanding of Agile and Scrum methodologies, fostering teamwork and collaboration.

Role : Web Developer

Halftone Systems Pvt. Ltd, Hyderabad January 2023 - August 2023

During my tenure at Halftone Systems, I dedicated myself to the development and maintenance of various software applications, notably contributing to the OHM project. I gained valuable domain knowledge and experience in React and Mobile applications. Additionally, I actively participated in Agile and Scrum methodologies.
